

ANNUAL REPORT

April 2023-March 2024

Introduction:

Healing Hands Foundation, a non-governmental organization registered with NITI Aayog (Unique ID: MH/2020/0254398), continues its unwavering commitment to providing medical care to the truly needy. As a not-for-profit charitable organization, our mission revolves around ensuring that health, a fundamental right, is accessible to all, especially those marginalized due to poverty.

Strategies: Our operations are conducted with meticulous planning and coordination, ensuring compliance with regulatory requirements and local authorities' approvals. Camps are organized after obtaining annual permission from the District Health Officer, Zilla Parishad Pune District, and in coordination with the Taluka Health Officer. Local officials, including police stations, gram panchayats, youth clubs, and health activists, are informed and engaged in our endeavours. Beneficiary lists are prepared in advance, and screening is facilitated with the assistance of local health activists to ensure effective outreach.

Activities: In the pursuit of our mission, HHF has been at the forefront of providing integrated healthcare services, with a special focus on anorectal health awareness. Over the past seven years, our team has tirelessly worked to raise awareness about anorectal health, particularly among women, the elderly, and school-going children.

We address conditions such as piles, fissures, fistula, pilonidal sinus, and constipation, recognizing the social stigma and lack of access to modern medical management that contribute to the neglect of these ailments.

Anorectal health remains a specialty of our dedicated team of doctors, who provide consultation, counseling, examinations, and medications free of cost during our camps. Recognizing the importance of early diagnosis and treatment, we strive to make medical facilities easily accessible, particularly in rural and semi-urban areas where such services are often scarce.

Impact Since Inception:

The impact of our efforts is evident in the numbers:

Total divisions covered from Pune District	14
Villages Covered	170+
Camps Organized	290+
People Benefitted through Free Medical Check-ups	16,000+
People Benefitted from Surgery	3,000+

We operate in Pune District in the state of Maharashtra

Conclusion:

As we reflect on the achievements of the past year, we remain steadfast in our commitment to serving the underserved and improving healthcare accessibility for all. Healing Hands Foundation expresses gratitude to its partners, volunteers, and supporters whose unwavering dedication has made our mission possible. Together, we look forward to continuing our journey towards a healthier, more equitable society in the years to come.

While conducting the camps in the city, our organization has received valuable support from social organizations, we are thankful to them.

Healing Hands Foundation has successfully implemented programs and events from April 2023 to March 2024 as follows.

Total Surgeries conducted in the year 2023-24		636

Healing Hands Foundation is proud to mention that we have operated 636 patients in concessional rates in the said period April 2023 to March 2024 at the clinic located at Dhole Patil Road, at Near Ruby Hall Clinic, Pune Station Pune. This initiative was proposed and executed by the pioneers of the Foundation Dr. Ashwin Porwal (President) & Dr. Snehal Porwal (Secretary).

Our Sincere thanks to the Government of Maharashtra Health Department officials, stakeholders, Gram Panchayat Officials, and members for providing the infrastructure available at the village level in Pune District and for helping us in conducting the free diagnostic camps in 13 Divisions of Pune District. Our sincere thanks for your guidance and support in conducting all the social activities in Pune District.
