Letter of Appreciation

It gives us immense pleasure to express our gratitude to "Healing Hands Foundation", for helping us organise "Free Health Camp", on 11th April- 2023, at Tadiwala road, near police chawki, Pune. 11.00am to 2.00pm. People in this community are facing health challenges but most of the time can't afford the treatment, which deteriorates the situation.

Your entire team has been a great support, and guided the Beneficiaries very well, prescribed and gave medicines as per their need, which will be of immense relief to them. 41 Beneficiaries benefitted from the camp.

We are looking forward to organizing more health camps in collaboration, and we express our best wishes to you for your future endeavors.
