Letter of Appreciation

It gives us immense pleasure to express our gratitude to "**Healing Hands Foundation**", for helping us organize "Free Health Camp", on 8th February 2023, at Gadge Maharaj Vasahat between 11.00am to 2.00pm. People in this community are facing health challenges, but most of the time can't afford the treatment, which deteriorates the situation.

Your entire team has been a great support, and guided the Beneficiaries very well, prescribed and gave medicines as per their need, which will be of immense relief to them.

We are looking forward to organizing more health camps in collaboration, and we express our best wishes to you for your future endeavors.

Ms. Mona P More
Program Manager,
Don Bosco Suraksha.
